Choose Any Laura Heine Pattern You Like

(I suggest a “teeny tiny” pattern)

### Must Haves:

**(All of these items will be available to purchase the day of the workshop, you can show up empty handed and I will have all of the necessary supplies and kits for you to shop the day of class)**

- Each Participant must have their own pattern to work from.
- Karen Buckley **Medium** Perfect Scissors (must have these scissors for best success)
- Pattern Ease foundation (requirements vary by pattern)
- Steam A Seam 2 sold by the yard (not steam a seam lite or steam a seam 1)
  - 17” by 24” fuse mat
  - a second fuse sheet is helpful
  - #2 Pencil (mechanical or standard)
- Fabrics for background, cutables, etc....requirements vary by pattern
- Small Rotary Cutter, Mat, and Ruler

You do not need your sewing machine the day of class nor do you need to do any prep work, I would like us to all start at the same point

I suggest choosing a “teeny tiny” pattern for the class as they are smaller and more doable for a one day class. I do not expect everyone to finish their complete top by the time we are done for the day but want everyone to leave feeling they know how to finish once they return home.

I will bring many samples in various stages of completion for you to see and take pictures of

I will have all supplies and patterns available to purchase the day of the workshop as well as a limited number of kits. If you would like to ensure that I have a particular pattern and/or kit available please reach out to me (Contact information is below).

I have a number of collage patterns for sale in my etsy shop (I do not list any kits as I save these to sell during class). <http://cutitupquilts.etsy.com>

If you would like to create your own unique masterpiece please feel free to bring your own fabrics I will also be making up some grab bags of background fabrics and cuttables for you to purchase if you would like to augment what you have gathered on your own.
