

Millefiori Workshop

Toby Lischko
October 17, 2018

Beginner to Intermediate

Description:

Toby will walk us through “unfoundation” piecing with freezer paper, using mirrors to check the fabric design, using templates, and sewing curved pieces.

Toby says:

I like to take traditional blocks and create something new and unique. I break everything down to basic steps. I want people to leave my class saying “Wow, I did not know I could do that!” My philosophy is “Quilting should be fun, not hard”.

This is a technique class for learning how to do foundation paper piecing with freezer paper and how to fussy-cut designs. NO paper to tear off when finished! Techniques for perfect curves every time is also included.

A kit fee of \$30 is required which includes acrylic templates, pattern, seam guide, CD of handouts, and freezer paper foundation. I can also put together fabric kits for \$110.00 for the entire quilt or \$22.00 for the class sample. I need 2 weeks notice so I can ship the kits.

FABRIC REQUIREMENTS: This is a technique class. If you want to make the whole quilt, fabric requirements are below. For class you will need: **one quarter each of one light and one contrasting fabrics, 1/2 yard of a second contrasting fabric that will be used in the block, border and binding, 1/2 yard small stripe and up to 1/2 yard print to fussy-cut (you will need to find 4 repeats in the print).**
