

Supply List for the “Half Circle Quilt As You Go Quilt” Renee Steinacker

This is generally a scrappy quilt but can be made in all brights or whatever color scheme you wish. Keep in mind, there is no “right” or “wrong” side to the finished quilt. Both sides are equally interesting.

Depending on how big you wish to make your quilt, you need:

- Fabric cut into 10” x 10” squares (keep in mind you need squares for both front and back, so if your quilt is going to be 5 squares wide by 5 rows, you will need 25 squares for the front and 25 squares for the back.) Try and use as many different fabric squares as you can for more variety to your quilt. Be sure your squares are pressed.
- I would suggest a variety of colors of Fat Quarters to be used for the sashings this adds variations to your quilt.
- Batting cut to 10” x 10” squares. 5 squares by 5 rows = 25 batting squares.
- A Drunkard’s Path thick acrylic template or An Easy Circle Cut Ruler. The Easy Circle Cut Ruler will allow you to cut different sizes of half circles which allows you more variations to each block.

- Rotary cutter both small and large
- Rotary cutter mat at least a 24” x 24” or larger
- Thread (Lots)
- Free Motion quilting foot or for straight stitching, a walking foot
- Walking foot for sewing the blocks together. (This is a MUST!)
- Working sewing machine
- Scissors
- Seam Ripper (hopefully you will not need to use!)
- 6” x 24” ruler
- Iron and Pressing mat (2 irons and ironing boards will be provided)
- Straight Pins
- Small Safety Pins for Holding the layered squares together to quilt or Quilters Select Fabric Powder Adhesive or Adhesive

- -Spray for layering quilts

This is similar to the Quilt Michelle Mitchell made.
